SUMMARY

I'm a tech enthusiast with experience in both web development and data-related work. I've built responsive web applications using React.js, JavaScript, Tailwind CSS, and APIs, while also working with Excel, SQL, Python, and Google Sheets for data cleaning and analysis tasks. Beyond technical work, I've taught chess to school students, which helped me develop patience, communication, and mentoring skills. I enjoy learning new tools, solving problems, and adapting to different kinds of roles in tech.

WORK EXPERIENCE

Elia Sarwat High School, Lead Chess Instructor 07/2025 – 03/2026 | Mumbai, India

- Taught chess to school students, developing their strategic thinking, focus, and problem-solving skills.
- Designed training sessions and organized in-school + inter-school tournaments.
- Mentored students and coordinated with school staff for smooth program execution.

Codermates Technologies, Frontend Developer Intern 09/2025 – 12/2026 | Mumbai, India

- Developed responsive UIs using **React.js** and **Tailwind CSS** for client projects.
- Built dynamic sections with JSON data structures to improve scalability.
- Collaborated on UI/UX enhancements and ensured cross-device compatibility.

GOALKEEP, Web Developer Intern 09/2025 – 01/2026 | Mumbai, India

- Built and customized websites using WordPress and Wix, delivering pages based on client requirements
- Configured themes, plugins, and layouts to improve site structure and usability
- Ensured responsive design across devices and improving user experience

GOALKEEP, DATA CLEANING 04/2024 – 05/2024 | Mumbai, India

- Cleaned and validated 13,000+ rows of data using Google Sheets, ensuring high data accuracy and consistency
- Identified and corrected data discrepancies through cross-referencing with master datasets
- Maintained quality standards through repeated validation checks and structured workflows

AppX Studio, Frontend Developer Intern 12/2024 – 01/2025 | Mumbai, India

- Developed reusable React components based on Figma designs
- Improved code maintainability by implementing reusable Tailwind CSS patterns and modular component structures
- Collaborated remotely with mentors and team members while consistently meeting project deadlines

Fukui Accent Pvt. Ltd., Frontend Developer Intern 07/2024 – 09/2024 | Mumbai, India

- Designed and developed responsive web interfaces using React.js and Tailwind CSS based on Figma prototypes
- Improved UI consistency and reusability by standardizing component structures across multiple pages
- Delivered cross-device optimized experiences, ensuring seamless usability for diverse user bases

TECHNICAL SKILLS

Web Development

React.js, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Responsive Web Design, REST API Integration, WordPress, Wix Studio, Node.js (Basics), Express.js (Basics).

Tools & Technologies

Git, GitHub, VS Code, Vercel, ChatGPT, Cursor, Codex CLI, AI-Assisted Development, Debugging, Code Optimization.

Data / Analytics

Advanced Excel, SQL/MySQL, Python, Data Cleaning, Data Validation, Data Analysis, Google Sheets, Data Entry, Reporting.

Soft Skill:

Communication, Team Coordination, Problem Solving, Strategic Thinking, Analytical Thinking, Time Management, Attention to Detail, Adaptability, Patience, Decision Making.

PROJECTS

RoutineX – Smart Routine & Habit Tracker,

01/2026 – 02/2026

React.js, Tailwind CSS, JavaScript

- Built a responsive productivity web application from scratch to help users manage daily routines and habits efficiently
- Implemented dynamic CRUD functionality for creating, editing, deleting, and tracking tasks in real time
- Designed a clean and modern user interface using Tailwind CSS with responsive cross-device compatibility
- Focused on reusable component architecture and smooth user interaction for scalable frontend development

EDUCATION

Bachelor of Science in Information Technology,

Mumbai, India

Nagindas Khandwala College

CGPA: 8.86

CERTIFICATES

- Introduction to Computers – Spoken Tutorial, IIT Bombay
- HTML – Spoken Tutorial, IIT Bombay
- Python 3.4.3 – Spoken Tutorial, IIT Bombay
- RDBMS PostgreSQL – Spoken Tutorial, IIT Bombay
- Java Programming – Spoken Tutorial, IIT Bombay
- Android App Development using Kotlin – Spoken Tutorial, IIT Bombay

ACHIEVEMENTS

- Patang Scholar at ASF – Received scholarship under highly competitive selection process
- Mentored around 10 students for chess tournaments, guiding them in preparation and competition

ADDITIONAL INFORMATION

Languages: English (Fluent), Hindi (Native), Marathi

Hobbies & Interests: Chess, Photography, Gym & Fitness, Listening to Music & Learning New Technologies
